

**UUGAC**  
Unitarian  
Universalist  
Global AIDS  
Coalition

## **Thomas Jefferson Unitarian Church Louisville, Kentucky**

We are so proud to be a part of the UU Global **AIDS** Coalition.

We are in a "negotiating" period with our Kenya group.

We pay fully for a nurse to check on the health of our children.

We have established lessons and information awareness areas in order to teach about **AIDS** to our children.

We are dealing with the still surviving parents of some of our children as well.

All of this taking place in Vihiga, Kenya.

Here at home we post all information from the internet as well as the papers local and otherwise on Sunday's information table about what is happening in our nation about **AIDS**. This includes the negotiations and dealing with the drug companies to increase drug availability and lower prices.

We are working with **THE HOUSE OF RUTH** in Louisville to advertise and support events held to help those infected with aids .

**THE HOUSE OF RUTH** also collects for the children and families of those affected by **AIDS**.

Our church (this year's date not yet set) sponsors a **MARCH FOR AIDS** in the community.

Please let it be known that we at THOMAS JEFFERSON UNITARIAN CHURCH in Louisville, Kentucky are PROUD members of the **Red Ribbon** Coalition and are at this time working our best for the group.
